Our Profile

We are pleased to introduce ourselves as leading and the largest Triple play Service provider Company working over FTTH (Fiber to the Home) in Hyderabad through GPON (Gigabit passive optical network) Technology. Our services include DTH, IPTV, OTT & Multi screen (Mobile, Tab, PC), Basic Telephone, High Speed internet, e-games, e-commerce and VoIP, value added services, GPON, as a technology, enables the optical fiber to perform as a neutral-cum-independent network to carry multiple service providers to enhance & ensure higher level of subscriber satisfaction. We have more than 10000 FTTH Subscribers and More than 25000 home pass. Thus we have the tie-ups with TATA, BSNL, Reliance, Vodafone, DTH-Airtel, Tata Sky & Videocon, Hathway Local Cable TV and several others to run all their services hassle free.

Digital Fiber Net is a infrastructure solutions and package of triple play services (Internet, CATV and Voice) which is suitable for use in apartments, hotels and offices.
